

Olink[®] Flex: Flexibility without compromise

Olink Flex is a customizable made-to-order product that enables you to create tailored solutions to fit your unique inflammation research needs. Freely mix and match 5-30 biomarkers into a single panel with no compromise on data quality.

[Learn more](#)

Mix & Match

From a library of ~200 protein biomarker assays.

5-30

assays in single panel with 99% combinability.

pg/mL

Read-out in both absolute and relative quantification.

Validation data

Available for each individual assay.

Olink[®] Signature Q100

qPCR

Streamline your protein analysis workflow with Olink[®] Signature Q100 benchtop instrument.
